

Anexo 1.1 Uso de Python en línea

- 1 Ingresa a www.online-python.com o sigue el código QR.
- 2 Al ingresar, verás una página como la que se muestra a continuación:

Python en línea

The screenshot shows the Online Python IDE interface. At the top, there is a blue header with the Python logo and the text "ONLINE PYTHON BETA". Below the header is a toolbar with icons for file operations (save, upload, refresh, close). The main area is a code editor with a file named "main.py" and a plus sign to add more files. The code in the editor is as follows:

```
1
2 # Online Python - IDE, Editor, Compiler, Interpreter
3
4 def sum(a, b):
5     return (a + b)
6
7 a = int(input('Enter 1st number: '))
8 b = int(input('Enter 2nd number: '))
9
10 print(f'Sum of {a} and {b} is {sum(a, b)}')
11
```

Below the code editor, there is a status bar showing "Ln: 11, Col: 1". At the bottom, there is a control bar with buttons for "Run", "Share", and "Command Line Arguments". The "Run" button is highlighted in green. Below the control bar is a terminal window showing the execution output:

```
Enter 1st number:
2
Enter 2nd number:
3
> Sum of 2 and 3 is 5
** Process exited - Return Code: 0 **
Press Enter to exit terminal
Q
```
